

IT healthcheck

Technology is now an integral part of a business and any problems can cause major disruptions. The world of computers and technology is ever expanding and keeping up can be a full time job.

The Griffins IT team can provide you with an individually tailored solution that will:

- ✍ Review and optimise your existing infrastructure helping you to work more efficiently
- ✍ Plan upgrades showing you where best to invest your budget
- ✍ Give you the support you need to allow you to enjoy the benefits of your new hardware/software

Working with Griffins will give you:

- ✍ Training sessions that are not generic class room style course but tailored one to one programmes
- ✍ Ongoing telephone support to help solve your queries or reinforce any specific points

The services include:

- ✍ Hardware installation, repairs and upgrades
- ✍ Computer healthchecks
- ✍ Disaster recovery solutions including data storage and backups
- ✍ Computer security e.g. Anti-virus, Anti-Spam and firewalls
- ✍ Microsoft specialists - Windows O/S and Office products (Word, Excel, Access, Outlook etc)
- ✍ Software Audits to help you manage your Licenses and highlight un-required software.
